#Stay Safe Online – Checklist for College Students (India)

Prevention Tips

- **Use strong, unique passwords** for each account (combine letters, numbers, and symbols).
- **Enable two-factor authentication (2FA)** on email, banking, and social media accounts.
- **Avoid clicking on suspicious links** received via SMS, email, or apps like WhatsApp.
- **Never share OTPs, passwords, or UPI PINs** with anyone—even if they claim to be from a bank.
- **Check UPI requests carefully** – remember, entering your PIN means you are *sending* money, not receiving it. *(UPI Safety)*
- **Verify QR codes and payment requests** before scanning or approving, especially from unknown sources. *(UPI Safety)*
- **Use secure Wi-Fi networks** – avoid logging into important accounts on public Wi-Fi.
- **Download apps only from official stores** like Google Play Store or Apple App Store.
- **Keep your devices updated** with the latest security patches and antivirus software.
- **Review privacy settings** on social media and limit what personal information is visible.

If Something Goes Wrong

- Report immediately on the **National Cyber Crime Portal**: https://cybercrime.gov.in
- Call the **Cyber Crime Helpline: 1930** (for financial fraud emergencies)
